

LED SECURITY LIGHTS

Automatic LED security lights are one of the smartest, convenient and affordable forms of home, farm or business protection. Cimarron Electric Cooperative installs energy efficient LED lights that give off a bright light in all directions, from dusk to dawn. Automatic LED security lighting is available for new installations or replacements. Give you and your family greater peace of mind with one of our options listed below.

PURCHASE AGREEMENT

Member purchases a light listed below to be installed by Cimarron Electric to an existing, wired pole, at no additional charge to the member. Electric usage is charged through the member's meter and will be included in the monthly bill. All lights come with a 5 year warranty, proof of purchase required.

RENTAL AGREEMENT

Member selects a light package listed below to be installed by Cimarron Electric at no additional charge to the member. The monthly rental fee includes all electricity needed to operate the light and is charged to the members monthly bill. All care and maintenance of the light is at the responsibility of Cimarron Electric.
